### Description

The Gator G-LCD-2632 Roto Mold LCD Cases are designed to transport and protect most 26 in. to 32 in. LCD or Plasma flat screen monitors. The Exterior of the case is made in the USA from recycled roto molded LLDPE polyethylene. The interior has adjustable molded end supports and a foam lining that fully protect your monitor. The lid is secured to the base with heavy-duty 1.5 in. nylon web straps and YKK buckles. The G-LCD cases are transported by unbreakable, molded-in handles on the base for lifting and loading and 4 heavy-duty 3 in. casters with rubber wheels; includes 2 swivel casters with brakes and 2 fixed casters for control and steering. There is a built-in dry erase white board to label contents.

### Features

- Virtually Indestructible LLDPE Polyethylene Plastic Construction
- 2 Side Carry Handles Onbase for Lifting and Loading
- Aluminum extrusion handles for lid removal
- 2 Recessed wheels and tow handle
- Heavy-duty 1.5" nylon web straps and YKK buckles secure lid to base
- Molded end supports with foam lining protect screen from shock
- Integrated "UP" arrows notify shippers to keep upright during transport
- Foam Inserts to Customize Fit
- Available in a Variety of Colors
- Made in the USA from recycled material
- Built-in dry erase white board to label contents
- Will accommodate most screens with pedestal stand attached
