Description

The Gator G-LED-5055-2X Roto Mold Duel LED Cases are designed to transport and protect and hold TWO Slim Line LED Style Screens ranging from 50 in. to 55 inches. Internal depth for each flat screen cavity can be adjusted from 2 inches down to 1 inch (measured at bezel) with included foam pads. The Exterior of the case is made in the USA from recycled roto molded LLDPE polyethylene. The interior has adjustable molded end supports and a foam lining that fully protect your monitor. The lid is secured to the base with heavy-duty 1.5 in. nylon web straps and YKK buckles. The G-LCD cases are transported by unbreakable, molded-in handles on the base for lifting and loading and 4 heavy-duty 3 in. casters with rubber wheels; includes 2 swivel casters with brakes and 2 fixed casters for control and steering. There is a built-in dry erase white board to label contents.
