### Description

The 1SKB-R102 is a 10U slanted top and 2U front, rack case that features steel threaded rails, hard lid and doors, side access ports (for cable routing) and has enough space to mount the AV-8 with the lid closed! The one piece base is roto-molded of Linear Medium Density Polyethylene (LMDPE) while the hard front and rear doors and lid are Injection molded of Rubber Modified Styrene (RMS). The back lid provides maximum access to the rack gear. Two TSA locking SKB patented trigger latches secure the lid while the flat hard top allows for stacking in transport and storage..
